EXPANSION FOR GULF, MOBILE & OHIO

INTRODUCTION

This expansion for Gulf, Mobile & Ohio offers two different maps to play. Each of the maps (France and Germany) feature generic rail lines that start in a specific city instead of the named railroads that are included in GM&O.

Each map has its own set of share cards that are related to the start city of that particular railroad.

GAME COMPONENTS

- 1 Game Board (A. France Map, B. Germany Map)
 - 2 76 Railroad Stock Shares (38 France Shares, 38 Germany Shares)
- This Rulebook

RULES

The expansions use the same base game rules as GM&O. No railroads offer special Victory Points for being started. No specific railroad must be started on the first turn. Each map features a fixed set of rail companies that are the first major railroads which are available to be started at the beginning of the game.
